WORKING EXPERIENCE

• Dates (from 2004)
Name and address of employer
Occupation or position held
Functions and duties

Actual position
Council of Agricultural Research and Economics (CREA), center fo Bioeconomy an Policy, Via Po 14, 00198 Rome, Italy
Research Director
My role is to coordinate research programmes on the economic, social and environmental sustainability of biobased supply chains.
Main Recent Projects:

- Coordinate task 10 (social impact) EU Grant agreement 613698 FP-7- Integrated engineering approach validating reduced water and energy consumption in milk processing for wider food supply chain replication
- Coordinate research on risk of fraud analysis in order to enhance the national system of controls in cooperation with the national anti- fraud Authority with regard to organic production;
- Coordinate research projects on the impact analysis of changes in markets and policies on the sustainability of bio based supply chains (agriculture, biofuels, green chemistry);
- *Team leader European Parliament Project*, Policy support for productivity vs. sustainability in EU agriculture: Towards viable farming and green growth (IP/B/AGRI/IC/2016-56, 2017
- *Team leader European Parliament Project*, Agricultural trade: assessing reciprocity of standards (IP/B/AGRI/IC/2017-97), 2018

I am also involved in the analytical work and drafting of documents on the issues listed above and in participating in technical meeting at ministerial level and Eu level:

- Agricultural Trade
- National Energy Strategy
- National strategy on smart Specialization
- National bioeconomy Strategy
- SCAR Strategic Working Group on the bioeconomy
